Granny's Ready To Race

STOC archivist, Martin Pester has dug out another photographic gem. This Press Association Photo depicts a young 'granny' in her fresh Dunlop overalls with the caption:

"In racing driver overalls and helmet, Mrs Theo Sibley, a 45 year old teacher and grandmother, is pictured with her Sunbeam Tiger sports car at her home in Brentwood Essex. This weekend she is to drive a Lotus 51 on the Brands Hatch, Kent, racing circuit. The Lotus has been entered by the Brands Hatch Driving school, where she is a pupil."

The photograph is dated 6th December 1967 and I wonder if there is a member who knows whether his MK1 was owned for a while by Mrs Theo Sibley?
