

Patrick Watts / Elgan Davies overall winners

2006 Armajaro HRCR Stage Rally Championship

In an awesome year of success Patrick & Elgan won the Historics Class [to 1967] and the Post Historics [to 1974] as well. Patrick is a racing & rally driver who competed successfully in the British Touring Cars Championship for many years then in Australian Touring Cars. Rallying began in 2004 having modified his road Tiger. For 2007 he put aside his red Tiger ('I will always keep that Tiger as I have had it now for 18 years') and having built another added a 2nd overall Championship position that year before hanging up his rally boots and returning to circuit racing, notably driving the No.8 Le Mans Tiger in the 2011 Goodwood Revival 'TT', the blue-ribbon race, when with Chris Beighton they took the 'No.8' Tiger to a 7th finish place. (.Ed)

"Elgan was concerned about the number of sheep when running 1st but the spin up the hill from Four Ways bent the steering rack, which dislocated the washer bottle which in turn dislocated the fan belt which in turn dislocated the water in the engine."
